Z Is For Zamboni: A Hockey Alphabet \$19.95

Author **Matt Napier**

Illustrator: **Melanie Rose**

Published by Sleeping Bear Press

In the mold of our very popular series of state alphabet books, we offer *Z is for Zamboni* to hockey fans young and old across North America. Matt Napier's "breakaway" rhymes and "hard-checking" expository text team up with the "top-shelf" illustrations of Melanie Rose to elucidate this increasingly popular game for every beginning hockey aficionado. Highlighting rules, players, coaches, teams, and the history of the game, it is both fun and educational.

Hat Tricks Count: A Hockey Number Book \$16.95

The companion volume to our bestselling, Blue Spruce Award winner, [*Z is for Zamboni: A Hockey Alphabet*](#). Like our alphabet series our counting books are written in a two-tier format with charming poems for young readers and expository text for older readers.

Young sports fans see numbers everywhere -- the scoreboard, the retired jerseys in the rafters, the numerology of sports stats -- and *Hat Tricks Count: A Hockey Number Book* delivers them faster than an assist from the Great One, number 99 himself. *Hat Tricks Count* will answer many of the fast paced questions kids have. What is a Hat Trick, anyway? Cross checking, high sticking, and hooking penalties add up to what? Who scored more career goals -- Gordie Howe or Wayne Gretzky?

Matt Napier wrote the award winning *Z is for Zamboni: A Hockey Alphabet*. He is currently attending law school at the University of Windsor.
